

After running CleanUp! my dial-up connection dialog box keep popping up at start-up

This is a problem with Windows 95/98 in general and is not specific to CleanUp! However, the following articles explains possible causes:

- Does your dial-up connection dialog box keep popping up? Use these tricks to stop it, appeared in InfoWorld (December 14, 1998)
- Modem Attempts to Dial When Windows Starts, Microsoft's Knowledge Base article Q175312.
